

PORT STATE CONTROL

AMSA - EMSA - USCG

- PSC goal is to identify and remove substandard ships from operating in sovereign waters.
- The PSC inspection is to verify that the condition of the ship and its equipment comply with the requirements of international regulations and that the ship is manned and operated in compliance with these rules
- Owner and crew subject to a growing swathe of punitive requirements to improve vessels' safety, performance and efficiency,
- Onboard inspections are unannounced with annual concentrated inspection campaigns also taking place.
- Disruptive and interrupting Crew port operations, if unprepared, with detention and corrective actions.
